Getting Started Right : Identify your Contacts - Memory Joggers

We all know people—individuals we grew up with, our friends, co-workers or people we've simply come in contact with. As time goes by, you will constantly be adding to this list through referrals, new contacts, remembering old acquaintances, etc.

2

This list of contacts can be the key to unlocking your successful future. The following pages should help “jog” your memory. Think carefully about each specific description listed and consider who you might know within each one. As you are doing this, be sure to think about those who are “local” to you and those who you would consider to be “long-distance.” When you think of a name, write it in the space provided.

It is very important not to PRE-JUDGE anyone while compiling this list. Don't worry about whether they will be interested or not. Even contacts that do not join will be a great source of referrals.

This exercise is meant to put everyone you know on paper and create a game plan to help them learn about LegalShield.
